

Student's Feedback Analysis Report

Faculty being the most important factor in curriculum design, implementation and development of the institution so the feedback of faculty on different aspects are most important.

Feedback from students of B.Sc., B. Com., and B. A. for different aspects related to different aspects of teaching learning was conducted with the help of Google form. The overall structure of the feedback form was it is divided into two parts, in the first part consist of questions based on general information of students like Age, College name, Gender, Programme, Subject etc. and second part contains different questions based on teaching learning and infrastructure of the institute, each questions has five responses and Students needs to choose most appropriate answer for them. The feedback form was concentrated on the feedback of teachers based on their skills and on student's course teaching - learning evaluation.

The feedback form was based on different criteria important for teaching learning process. The criterion was concentrated on the feedback for teaching skills, on class control, regularity and punctuality of particular teacher, attitude of particular teacher towards students, General behavior and communication of teacher.

Question wise analysis of the feedback showed that the rating on different question was mostly good to excellent. It was found that the rating of individual students was different. The faculty members need to address differently about improvement in their teaching skill.

According to the feedback most of the teachers covered More than 70 % syllabus in the class and students are satisfied with the teacher's performance. More than 80% of students happy with the teacher's approach to teaching and internal evaluation process by the teachers. In most of the cases performance in assignments discussed with the students. More than 85% of students agree with the teaching and mentoring process in your institution facilitates very well in cognitive, social and emotional growth.

More than 85% of students agree with the institution provides multiple opportunities to learn and grow. Near about 60% of students fully agree with the teachers identify strengths and encourage with providing right level of challenges. And about 75% students said that every time Teachers are able to identify your weaknesses and help to overcome them. 85% students agree with the institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process. More than 50 % of students agree that the institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences to a great extent. More than 60 % of students agree that Teachers encourage you to participate in extracurricular activities. 70 to 90 percent teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching. Detail of Google form responses attached here with the report.
